

#BPS #BoscoPublicSchool #EducatingEducators  
Capacity Building Program on Science (Elementary Classes)

Resource Person - Ms. Ritika Anand and Dr. Neeraj Vohra

Venue- Mamta Modern School Vikas Puri

Name of the Participant: Ms. Ashu Suri

The session commenced with the introduction of participants to their favourite pedagogy. This was followed by an icebreaker with song and dance.

A session on health and wellness emphasized on all 5kosh for the complete development of children.

All participants presented a presentation on Bloom's Taxonomy on given vegetables/fruits like bananas, apples, potatoes, tomatoes, etc.

Dr Neeraj Vohra conducted a session on Experimental learning. How a visit to monuments can bring learning outcomes for every subject. How experiential learning is student-led propelled by students' energies. Maximum learning is through learning by doing and asking the child to forward the chain by teaching others.

Kolbs' cycle of experiential learning was reinforced.
